Allowable Subject Matter

Claims 1, 3-4 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or render obvious the apparatus for preventing sudden acceleration of an automobile as claimed, and particularly including a front end of a locking rod and the insertion groove are formed correspondingly in such a way that their width are reduced downwards such that an abrupt depression of the accelerator pedal can induce releasing the locking between the first slider and the second slider, and including the remaining structure and controls of claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
